TO MIX, IDOL OF SEVERAL
children, knocks down
Morrissey, comedian, because
of a remark made by
the latter involving Mix's famous
base. Tony, Morrissey said that
the talking movies become pon-
the Mix can always use his
base in a pinch. Mix's horse is
probably worrying less about the
base than a lot of other movie
stars who are almost unintelligi-
ble in their greatest moments.
The fight publicity will not help
Morrissey. The day is past
when notoriety helps boost the
base pay envelope. The public
expects its stage and screen her-
oes to lead the clean, respectable
life of REAL heroes. Patty Ar-
buckle found THAT out.

CANDIDATE TO FACE CHARGE

aigned yesterday on a charge
of forging the signature of Guy
Wallace on a \$10 check, R. A.
Johannessen, 3028 Adeline street,
Berkeley, a candidate for the state
assembly from the fourth district,
released on \$1,000 bond. Com-
plaint in the case is W. A.
Cassin, of 2209 Macdonald avenue,
Oakland, who claims that a \$10
check made out by him on Feb-
ruary 6, 1927, in payment for
auto paint grinders, and made
payable to Guy Wallace, was sig-
nated and cashed by R. A. Johannessen.
Cassin alleges he never re-
ceived the paint grinders.
Bail for Johannessen was fur-
nished by Dr. G. C. Bohannon of
Berkeley. The defendant's pre-
liminary examination will be set
for some time next week.
According to Johannessen, the
check in question was a mere for-
gery gone through by him and
Cassin so that some paint grind-
ers, belonging to the Liberty Paint
company of Oakland, of which he
was a director, could be trans-
ferred to the possession of Cassin.
The amount of the check, \$10, he
claims to have returned to Cassin.
He alleges that the check was
made out jointly to him and Dr.
Guy Wallace, who with Joe Wat-
son and W. A. Miller, owned and
operated the paint business.
Cassin claims that when he
heard that the Liberty Paint com-
pany was going out of business, he
asked Johannessen for the grind-
ers, giving him a check for \$10
which he made out to Wallace.
Johannessen, he declares, told him
to get delivery of the grinders

2 MUST HANG FOR SLAYING BANK TELLER

OAKLAND, Aug. 27.—(U.P.)—
Three bank bandits were con-
victed of first degree murder here
this afternoon without
recommendation of imprison-
ment.

The verdict means that two of
them, Louis Lazarus and George
Costello, must hang for the kill-
ing of William McFarlin, Oak-
land bank teller, unless higher
courts intervene and the third,
William O'Brien, will go to the
galows if a hearing on Wednes-
day determines he is sane. O'Brien
pleaded not guilty by reason of
insanity. The verdict found the
men guilty of first degree murder
as charged in their indictment.

Lazarus and Costello will be
sentenced Wednesday.

The teller was killed during an
attempted holdup last month.

STREET PAVING BIDS AWARDED

The bid of the California Con-
struction company of \$71,191 for
the improvement of Twenty-third
street, south from Pullman to Po-
trero, was the lowest offered at
the meeting of the council last
evening, and the contract was
awarded to this firm.

The other bidders were the War-
ren Construction company, \$73,-
992.70, and the Central Construc-
tion company \$74,880.

This will make another direct
thoroughfare leading north and
south through the city, and is an
improvement that has been needed
for many years.

The roadway will be widened to
a width of fifty-six feet, and
will be paved with a rock cushion,
asphalt concrete, with a patented
wearing surface. The pavement
will be 12 inches in thickness.

Council Disposes Of Minor Matters

A number of minor matters were
taken up at the meeting of the
council and disposed of.

S. A. Sellers was granted a
permit to repair a roof of a build-
ing at 1513 Macdonald avenue.

The application of Mrs. N. Tola
of 3240 Cutting boulevard to in-
stall a gasoline pump was left in
the hands of the superintendent
of streets.

The invitation of the Native
Sons of Oakland to attend the
big celebration September 8-9-10,
was accepted.

La Franz-Hilscher Motor com-
pany was given a permit to con-
duct a used car yard on Macdon-
ald avenue, between Fourteenth
and Fifteenth streets.

Petitions for street lights at
Eighteenth and Gaynor, Twentieth
and Gaynor and Twenty-second
and Gaynor were referred to the
light committee for one week.

On the suggestion of City Man-
ager McVittie the council accept-
ed the work of remodeling on
fire house No. 2.

DEGREE CONFERRED

Harbor lodge of Masons last
night conferred the third degree

bers listened in on the Walker-
Emanuel fight broadcast.

Vote for Davis Today Elect A New Senator

Go to the polls and vote today.
The right to vote is one of the priceless privileges you
have under our form of government.

Make use of this exercise of power.
GO TO THE POLLS AND VOTE RIGHT.
VOTE FOR LOUIS E. DAVIS FOR STATE SENATOR.
Vote for representation for western Contra Costa.
This section—Supervisors district No. 1—has no rep-
resentation at the present time.

District No. 1 has forty-five per cent of the registered
vote of the entire county, and yet it has no say in county
matters.

The tax rolls will show the staggering figures in dol-
lars and cents that the people in this district pay compared
with those of other districts.

Richmond, El Cerrito, San Pablo, Giant, Pinole and
Hercules, along the water-front of the western end of the
county, with their growing industries, comprise one vast, co-
hesive metropolitan area, with numerous interests in common,
and with a future that links them closer together.

We have no representative of this section at
Sacramento.

In voting for Louis E. Davis you vote for a man who
was born and bred and who lives in your midst.

Be loyal to your own section.

The good people in the other parts of the county con-
cede that this section ought to have one of the two men at
Sacramento.

Go to the polls and vote for a man, who will be true
to your interests.

YOU HAVE TRIED THE OTHER FELLOW, AND HE
HAS BETRAYED YOU.

Reports from all sections of the senatorial district—
Contra Costa and Marin—are to the effect that you will have a
new state senator tomorrow.

Help to make the majority of Louis E. Davis as large
as possible.

GO TO THE POLLS TODAY AND VOTE.

AND VOTE RIGHT—VOTE TO PROTECT YOUR OWN
INTERESTS.

County Politicians Are Like Chameleons

(MARTINEZ GAZETTE, AUG. 27, 1928)

How times do change!
Two years ago an able young man, capable, likeable and
brilliant, was a candidate for a high state office. He had borne
himself with distinction and glory in the World War and in
every city and hamlet in the State of California the candidate's
former "buddies" in arms arose as one man to support him. He
was elected by a tremendous and most flattering majority.

That man is Lieutenant Governor Buron R. Fitts, of Los
Angeles, who we find today, coming into Contra Costa county
via the telegram route, injecting his name and fame into Sena-
torial district politics, and doing all within his power to com-
pass the defeat of a young man like himself, who a few years
ago was unheard of politically, but who like Fitts, has ambi-
tions to make a name for himself in public service, a fellow
World War veteran, and one of those veterans who two
years ago labored early and late to help the Lieutenant Gov-
ernor into office for the glory of the ex-service ranks.

Of course Fitts is not a candidate now for State office and
being concerned only with local affairs (he's to be elected
District Attorney of Los Angeles county) he perhaps feels
more free to lend his name and prestige in an effort to defeat
a fellow veteran and fellow American Legion member.

And it is not necessary to go so far afield to find a par-
allel situation. There are a number of those right near by,
close at home, who if memory of the voters serves them aright,
were just a few years ago candidates for office, pleading their
service record, and do not mistake, it was a most honorable
one, as their chief claim to voting support, who are found
today in the unenviable role of outstanding opponents of a

COUNCIL SETS YEAR'S BUDGET AT \$698,710

Notwithstanding the many
additional things that had to
be provided for in the budget
for the coming fiscal year, City
Manager McVittie was able to
hold the tax rate down to \$2.30,
but an eight cent increase over
last year.

The budget as presented was
adopted by the council, and the
ordinance fixing the tax rate was
given its first reading and will
be adopted next Monday night.

The tax rate in the annex ter-
ritory will be \$1.885. This is on
account of the fact that the dis-
trict will not pay taxes on bond
issues voted before the section
was annexed to Richmond.

The tax rate segregated, that is
shown in the appended table,
sets out the new rate and last
year's rate:

	1928-9	1927-8
General fund	\$1.69	\$1.60
1912 Bond and Int.	.23	.25
1920 Bond and Int.	.115	.13
1922 Bond and Int.	.04	.04
1927 Bond and Int.	.045	.03
School	.05	.05

been provision made for three new

Allied Veterans Plan For Events

Armistice Day celebration and for
a whist party to aid the annual
Christmas tree were appointed last
night by the Allied Veterans coun-
cil in Memorial hall.

On the Armistice Day committee,
which will assist the American
Legion in preparing a suitable pro-
gram, will be L. R. Holt, W. D.
Wilson, C. Both and Al Brown-
ing. On the whist party com-
mittee to raise funds for the
Christmas tree for the children
will be George Ford, J. Hansen
and Robert Benton.

Further discussion of the pro-
posed Veterans' club will take
place at the October meeting of
the council.

"Bribery Case" Again Crops Up

What has become of the al-
leged bribery case involving \$975
now in the hands of District At-
torney A. B. Tinning and the
Grand Jury, was the question asked
the council of El Cerrito by
Fred Begerow.

Mayor Phil A. Lee stated that
he could not throw any light on
the subject. The city had received
no word from the district at-
torney.

Davis Is Grateful For Generous Aid

To the People of the Ninth District:
You have been very good to me during the past few weeks
that I have spent in my campaign for the Republican nomina-
tion for State Senator.

Courtesy, kindness and generosity have been characteristic
of your treatment of me.

The district is vast in area. The population is large. With
limited time and no great fortune or well-oiled political machin-
ery at my beck and call, I have worked hard to get my candi-
dacy before you.

I have deep and lasting gratitude towards the good men
and women of the district who have helped me without pay,
or without promise or hope of reward.

My faithful wife and little girl and my parents, whom
many of you know, join me in expressing gratitude to you.

Cordially and sincerely,
LOUIS E. DAVIS.

RICHMOND MAY SECURE CONFAB

It is possible that the state
convention of the I. D. E. S. will
come to Richmond in September.
G. Vargas, the secretary, ap-
peared before the council last even-
ing and asked for aid in bring-
ing the convention here. He stated
that there would be about 1000
delegates and their families, and
they would remain here for one
week.

A program for the week, con-
taining the activities planned both
during the day and evening, has
been completed.

The matter was finally left in
the hands of the city manager and
the finance committee for a report
next week.

Veterans Plan Armistice Ball

A committee has been appointed
by the American Legion Post No.
10, to handle arrangements for
the Tenth Annual Armistice ball
to be held Saturday night, Novem-
ber 10.

The following are on the com-
mittee: W. A. Chamberlain, Al
Browning, John Hansen, A. Rit-
zenhaller, H. J. Simons, W. A.
Vickery, Carl Stender and J. J.
Barry.

CARS COLLIDE
Cars driven by S. Dievera, 642
Fifth street, and D. McCurrie,
428 second street, collided last
night at the corner of Pennsylvan-
ia avenue and Sixth street.

Stirred by weeks of intensive
campaigning centered around
the fight for State Senator,
nearly the entire Republican
registration of Richmond and
Contra Costa county, totaling
18,848, will file to the polls
today to designate favorites for
five offices and members of the
county central committee.

Polls will open at six o'clock
this morning and will close at
seven o'clock this evening.

Predictions were current that
the voters of the Ninth District,
keyed to high pitch over the bit-
ter fight for State Senator, will
have established a record when
the ballots are counted tonight.

The most hotly contested post
on the ballot finds W. H. Sharkey
incumbent, making the fight of his
career to stave off an overwhelm-
ing sentiment for his young and
aggressive opponent, Louis E. Davis
of El Cerrito. After 14 years in the
Senate, it is the prediction of keen
political observers that the incum-
bent will be unseated by the popu-
lar El Cerrito man. The belief
was advanced that Marin county
and Richmond would return wide
majorities for Davis. Coupling this
with the El Cerrito vote and the
belief that sections heretofore
strongly pro-Sharkey have been
won over by the Davis forces, it

ty-third and Twenty-fifth streets.
Most of the cars tested were lo-
cally owned.

Mrs. Collins At First Meeting Of City Councilmen

Mrs. John I. Collins took her
seat for the first time as a mem-
ber of the council at the meeting
last evening and was greeted by
the other members and the city
officials.

During the meeting Mayor Mat-
tie Chandler extended a welcome
to the new member and stated
they were very glad to have her
as an associate.

Mrs. Collins was named as a
member of the following commit-
tees: Light, Building, Health.

THE NEWSBOY. A MERCHANT

It has always been more or less an American tradition that the newsboy is a poor fatherless chap who supports a widowed mother and probably a sister or two by the pennies he makes selling papers.

Now comes the census department to announce that very few newsboys are in this class. Most of them come from good homes and are not driven to selling papers by hard necessity.

It is a good thing for us to recognize this. The newsboy is an ambitious young business man putting in his spare time wisely and profitably. He is learning the ways of life in his early years and things about the business world that most men do not learn until they reach their majority. Selling papers is an excellent training school. It is not by accident that so many of our prominent business and professional men started their first pennies in that way.

Don't pity the newsboy who sells you your paper. Admire him, rather, as an energetic, capable young American who has ambition.—Pittsburgh Press.

If the western man who spent \$9.08 on his presidential candidacy had bought a railroad ticket for the same price, he would at least have gotten somewhere.—Pittsburgh Post.

Old Dobbin may have had his shortcomings, but he could always be parked without being dented.—Louisville Times.

Sensing a billion dollar tourist movement from the United States, France has adopted the gold standard.—Atlanta Constitution.

Chicago gangsters do the best they can in killing off the gangsters, but apparently the police don't give them enough help.—Cincinnati Enquirer.

Fifty years ago there was no such thing as a non-alcoholic candidate.—Florida Times-Union.

There are four billion birds in America, not counting the most important one that adorns one side of the coin of the realm.

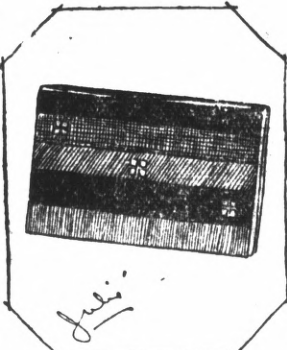

If you can't get away to the seashore resort, a bathtub, an electric fan and a phonograph playing jazz with a dull needle make an ideal substitute.

Someone has suggested that too many of those who in former times rolled rolling pins today roll silk stockings and Turkish cigarettes.

BEAUTY

By LAURA LANE

Although cutting the cuticle on your finger in keeping them trim looking I have always preferred to lay aside my scissors before attending to this part of my manicure.

By pressing it back with an orange stick wrapped in cotton (dipped in peroxide of hydrogen) it will help to remove discoloration every time you wash your hands, you can keep the cuticle from adhering to the nails and disfiguring their appearance. There are several cuticle removers on the market which are excellent in that they dissolve the dead pieces of skin so that they can be easily washed off. I think it is wise after using these preparations to massage the fingers with oil or cream to prevent them from becoming dry.

Dear Miss Lane,

Not long ago you suggested a remedy for prickly heat which I have forgotten. Would you be kind enough to print it again?—GERT K.

I am glad to reprint my very simple remedy for prickly heat. Bathe the affected parts frequently with a solution of half vinegar and half water and dust with a powder made of one part corn starch to two parts boracic acid.

As prickly heat is usually the result of excessive perspiration, it would be well to try and remove the cause by frequent bathing, liberal use of talcum, and application of a deodorant preparation.

Children of Argentina

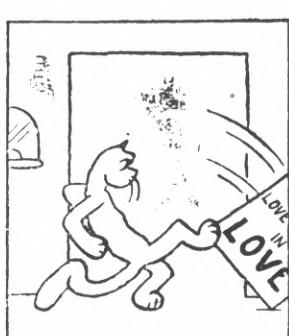

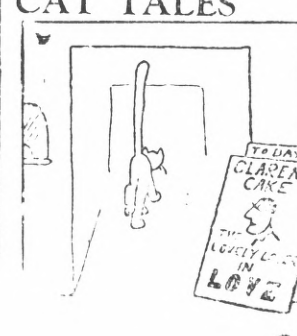

CHILDREN IN ARGENTINA

And so Father went to work in a big, big market in Buenos Aires. It was the very biggest market in the world. It covered many acres of ground. Carloads of wool, corn, wheat came into the building to be unloaded. And ships sailed up to the dock with loads of wool, corn, wheat, hides. Here Father learned many things so that he could earn more money later.

And Mother kept a little home for Father, Luisa, and Luigi. And Luisa and Luigi went to school with other boys and girls. They learned of their new land, South America, and of their new country, Argentina. They grew to love Argentina. They all helped to be builders of that glorious Argentina, where there seemed to be room and opportunity and happiness for all who would work.

RICHMOND CLUB RECOUNTS EARLY HISTORY

"Historic San Pablo" formed an appropriate subject for History and Landmark day held by the Richmond club yesterday in the clubhouse. Written by E. H. Woodfelt, publisher of the San Pablo Bee and ably presented by Mrs. Tsar Calfee, "Historic San Pablo" contained picturesque memoranda of original Indian tribes which inhabited this region. Chief among these was the Carquinez tribe, numbering several hundreds whose habits of digging roots and bulbs gave them their name of "Digger" Indians. Possessed of inferior intelligence, their characteristics were largely applied to other tribes. A bread made by them of ground buckeye balls and acorns was named by them "Pinole." Interesting history of the Martinez and Alvarado families was also given.

Following the reading of the paper, Mrs. Calfee commented on pronunciation of Spanish names in California.

A short musical program was given by Mrs. G. J. Allyn, who was accompanied by Mrs. W. W. Chapin.

Dainty refreshments were served, arranged by the following committee: Mesdames C. C. Baker, J. L. Woodcock, R. Locke and G. E. Milnes.

It has been decided by members of the club to pay off the small existing debt of the club and two novel social plans will be inaugurated shortly. Progressive luncheons, suggested by Mrs. Brownie Maxwell, will be started as well as Mrs. J. W. Smiley's suggestion of weekly whist parties to be given in the homes of club members.

Surprise Party Held In Honor Of Local Bride-Elect

A delightful surprise party was tendered Miss Helen Morehouse, bride-to-be of Dr. H. L. Ellis, at the conclusion of choir rehearsal last night in the First Christian church. Thirty-six members and friends of the choir joined in expressing their well wishes to Miss Morehouse and Dr. Ellis. A beautiful china buffet set was presented by Rev. Aldis Webb in their behalf.

Tables decorated in Miss Morehouse' favorite color of orchid, with favors of crepe paper and tiny wedding bells, were laden with dainty refreshments. At the central table were a miniature bride and groom.

Mesdames Fred Watson, John Kinstry, W. F. Downing and Oral Pearce prepared an interesting program of games and music and also prepared the refreshments.

The Morehouse-Ellis nuptials will be celebrated on September 1 in the First Christian church.

CITY CLUBS TO AID LOCAL STUDENTS

Ralph Bergen, secretary of the Community Service council and manager of the Certain-teed Products company, will open the fall schedule of the council by addressing the students of the Richmond Union high school.

The council, composed of the presidents and secretaries of the Rotary, Lions, Kiwanis and Exchange clubs and two delegates from each organization, has for its purpose the aiding of high school students in selecting their future vocations.

Plans for the autumn program were outlined at a meeting of the council presided over by J. H. Helms, president of Schools, Walter T. Helms. A future meeting is being considered with representatives and managers of local industrial plants to discuss the placement of high school graduates planning to take up vocations. The possibility of extending the service to girl graduates may be taken up definitely as a part of the program for 1929.

Former Richmond Couple Visit Here On Honeymoon Trip

Friends of Jack Gregory, a former Richmond resident, will be interested to learn he recently married Mrs. Roberts of Bakersfield, who also used to live here. The bride is a native of Oregon, and when she lived in Richmond had a home in Bissell avenue. Gregory formerly lived at Eighteenth and Nevin before his work in the Standard Oil company took him to Bakersfield.

PICTORIAL REVIEW

THE DANCE SILHOUETTE

As "French" as any Paris original
is this frock for the dance, carried out
in gooseberry-green taffeta. The bouf-
fant skirt is shirred at the upper edge
and joined to a fitted long-waisted
bodice with short sleeves. On the
front of the dress are motifs devel-
oped in bead embroidery, while the
sides are trimmed with tiny ribbon
bows. Green roses, placed back to
back on the shoulders, are in con-
trasting tones of the color of the frock.
Medium size requires 5 1/4 yards 39-
inch taffeta.

ROAD TO RUIN FILM WARNING GIVEN PARENTS

Liquor, dope, white slavery—
all these bugaboos of a past gen-
eration have given way to a new
menace that threatens the very
life of the nation: the menace
of Juvenile Delinquency.
Liquor affects comparatively
few families, dope still fewer,
white slavery is a symbolized
evil, but the red light and segregated
districts has practically ceased to
exist. But Juvenile Delinquency as
expressed in the amazing and
unbelievable moral decay of mod-
ern youth is a problem that re-
aches into every community and
threatens every home. It is diffi-
cult for many parents to under-
stand the freedom of modern
thought and conduct and it is
hard for them to believe that
their child could be in danger.
All such should see "The Road
to Ruin" which comes to the
California Theatre tomorrow and
which is described as "A Flaming
Warning to the Parents of Amer-
ica." "The Road to Ruin" which
is based on an actual case, is an
amazing frank story of the
temptations confronting the child
of today and contains a tremen-
dous lesson, while at the same
time because of the extremely
skillful handling of a delicate sub-
ject, it is first rate entertain-
ment.

JANET GAYNOR WINSOME STAR OF 'SUNRISE'

F. W. Murnau, the noted Euro-
pean director, scored one of his
greatest hits with "Sunrise," the
picture which opened yesterday
at the California Theatre. "Sun-
rise" was produced by Fox films
and is the first picture which
Mr. Murnau made in this country.
With a story adapted from a
tale by Herman Sudermann, Mur-
nau swayed his audience at with
carrying them through all the
emotions known to the human
mind. The story is no compli-
cated affair, but he has taken a
plain tale and made it into one
of the most sensational and poig-
nant pictures ever filmed.

In doing this he rose to heights
which, in spots, left his specta-
tors gasping from the fantastic
effects and the swiftness of the
action. Murnau's picture does not
end with scenic effects, there are
countless scenic effects in "Sun-
rise" gained for the most part
by putting the camera on wheels,
with this he succeeded in produ-
cing a sweep and a speed which
have been approximated by few
screen productions.

The Murnau wizardry also
spread to the members of the
cast, Janet Gaynor, who rose to
exquisite fame in "Sun Heaven,"
does a piece of work here which
even surpasses that performance.
And George O'Brien, who heretofore
has merely been a time up-
standing here, is made to show
here that all the time he has
been the actor of the film, it
merely remained for Murnau
to bring it out.

As for the story, it is that of
a young farmer who gets into
the clutches of a siren from the
city, who is on a vacation. At
her request he agrees to elope
with her, but she is so young
that he goes to the city with her
and falls in love with her all
over again. After a second moon-
ing in the city he again gets
her in the boat to take her
home, when a violent storm over-
takes them. He gets ashore when
the boat sinks and, believing that
his wife has been drowned he
decides that the siren must die
in revenge. The wife, however,
is saved by a bundle of bull-
rushes which he had intended to
use in saving himself while carry-
ing out the plan of murder. Un-
der Murnau's hand this story de-
velops into one of the most thrill-
ing pictures imaginable.

The program is made complete
with the addition of Will Rogers
in Europe and Topics of the Day.

School nurse says all girls should know this

TALKING to a roomful of high
school girls on personal hygiene,
an experienced district nurse said:
"One of the basic rules of health for
girls is to keep the system functioning
naturally at all times. Normal exercise
and diet habits should be encouraged.
But when necessary there's no harm
in taking nujol, since it works mechani-
cally and can't disturb the normal
functions of any organ of the body.
Particularly with girls, there are times
when nujol should always be taken.
Take a spoonful every night for a few
days. It's a thoroughly safe and harm-
less method. It won't cause distress or
gas pains or griping."
Nujol is different from any other sub-
stance. It contains no drugs or medi-
cine. It can be taken safely no matter
how you are feeling because it is so
pure and harmless. Nujol works so
easily. Every woman should keep a
bottle on hand. Every druggist has this
remarkable substance. Get the genuine.

The Varsity Drag

MISS HAUSER and "Lindy" both members of the Sells Floto circus which comes to Oakland for a three day run, will be seen in the "Varsity Drag."

Circus Clowns Perform While Horses Rest

Since the inception of the
American circus it has always
been an observed custom during
a performance of the "white tops"
for the clowns to interrupt the
riding acts during intervals and
not until the Sells Floto Circus
opened this session was the cus-
tom advanced for this repeated
"interruption."

Invariably a number of per-
sons in the audience imagined
that the halt in the proceedings
for the clowns was to give the
performer a rest while many oth-
ers took it for granted that it
was made to relieve possible mo-
notony. Still other thought that
it was part of the circus pro-
gram notwithstanding that clowns
have their allotted fun making
stunts to perform at the regular
time.

One of the oldest attaches of
the Sells Floto circus says that
the real reason is that the horse
becomes dizzy going round that
small, saucer-like track and must
have a brief resting spell.
The standard circus ring is
42 feet in diameter and the aver-
age equine makes a lap in 23
lopes. The horse keeps in rapid
transit for a few minutes when
his head begins to reel and his
legs to falter. The bandmaster
signals his musicians to stop.
Then the clowns begin to work
in a few drolls and the horse
regains his head. A moment later,
the merry-makers cease, the mu-
sic crashes forth again and the
horse is again in action.

Another thing noticeable is
the substitution of horses near
the close of an act and this fact
puzzles the average onlooker un-
familiar with the routine of a
big circus like Sells Floto. The
"second horse" or "substitute" is
necessary as the incoming animal
is lighter and fleetier than the
horses taken out. The first horse
is the broader-backed of the two
and naturally trained for the
somersaulting, carrying and other
feats requiring grace, equilibrium
and poise. The substitute equine
is chosen for the so called "whirl-
wind finish" such as hurdling
and equestrianic celebrity. Sells
Floto Circus will give matinee
and night shows in Oakland on
Saturday, Sunday and Labor Day.

Underworld Film Closes Here Tonight

Stark melodrama is guaranteed
at the Richmond Theatre tonight
where the Columbia Pictures lat-
est attraction "The Way of the
Strong" will show for the last
times.
It is a thrilling drama of the
underworld that holds the audi-
ence spellbound throughout the
picture.
An exceptionally large cast
of stellar players are featured head-
ed by Mitchell Lewis, the veter-
an stage and screen star, who plays
the heavy; Alice Day, a sweet
young baby star is cast as the
leading lady; Theodore Von Eltz
is the handsome leading man and
Margaret Livingston, the notori-
ous screen vamp does her stuff
in "The Way of the Strong" and
she is just the type.
On the same program are
"Dead Easy," a funny Educational
comedy, Topics of the Day and
Aesop's Fables.

Soap Weed Found Poison Oak Cure

The lowly soapweed now gradu-
ates to one of Nature's antidotes
against poison oak.
Members of Boy Scout troop
No. 8, sponsored by the Richmond
Exchange club and headed by
Scoutmaster W. T. Shock, veteran
government trapper, on one of
their recent over-night hikes made
the discovery. After tramping
through the hills, one of the boys
contracted poison oak. The follow-
ing morning he washed his hands
with the soap weed also known
as Indian soap, and while search-
ing for a towel, the heavy later
dried on his hands. The advance
of the skin eruption was stopped.
Subsequent tests proved that the
weed did the work.

COMEDIANS TO STAGE SHOW AT LOCAL THEATRE

Nat Holt's Comedians, the en-
tire company of twenty, travel-
ing in their own mammoth bus,
with their own scenery, ward-
robes, and complete staff of stage
technicians and directors, are
coming to Richmond.
The company, which will open
here Sunday at the California
Theatre, is distinctly a California
product and one of the most no-
vel organizations of entertainers
ever conceived. It consists of the
very same personnel which has
just completed a record break-
ing engagement of three success-
ive years in San Francisco and
Oakland. Musical comedy stars,
singers, dancers, pretty girls, no-
velty entertainers of all kinds
make up the personnel of the
company.

Holt, who is one of the best
known successful theatre man-
agers and musical comedy pro-
ducers in the west, plans through
the Nat Holt Comedians to give
the interior California cities the
same high class musical comedy
stock company productions as
have been so popular in the large
cities.
An hour and a half of good,
clean fun, fast dancing numbers,
clever plots and unique song
specialties will be provided in
each show. The productions will
play here on the same day every
week starting next Sunday. The
company and all its baggage will
arrive here intact for its regular
weekly performance. Each show
will be different—a proven, pop-
ular production with weekly
changes of scenery, costumes,
chorus numbers and specialties.
The first of the productions will
be "Hello Everybody," the plot
and numbers of which will serve
to introduce the entire company
personnel to the theatre goers of
this city.

Among the principals in Nat
Holt's Comedians will be Bobby
Fitzsimmons, Jimmy Edwards,
Clarence Wurga, Don Broderick,
Valerie Noyes, Florence Spurrier,
May Ferlando, Golden Gate Quar-
tette, and the Knight Sisters.

15 POWERS PUT SIGNATURE ON WAR OUTLAWRY

MOSCOW, Aug. 27.—(U.P.)—The Soviet Union has been invited to participate in the Briand-Kellogg treaty to outlaw war, which was signed in Paris today by representatives of 15 powers.

French Ambassador Herbetie today transmitted an invitation from France to the Soviet Union to join the pact. Ambassador Herbetie said Russia would participate under the same conditions and privileges of the original signatories.

PARIS, Aug. 27.—(U.P.)—The world's most advanced effort to "make war more difficult" was made today when the representatives of 15 powers inscribed their names on two pieces of parchment—one bearing a declaration written in English, the other written in French.

With the signing today of the Briand-Kellogg treaty to outlaw war, the plenipotentiaries next turned to what Aristide Briand characterized as the "work of tomorrow,"—the necessary organization of today's proclamation.

"Peace is proclaimed," the French foreign minister told the 15 delegates gathered in the Salon des Ambassadeurs at the Quai d'Orsay. "But it is still necessary to organize it. That is our work for tomorrow."

M. Briand and Premier Raymond Poincare were flooded with telegrams late today, congratulating them on the signing of the treaty. The messages came from representatives of many nations, including Denmark. The International Parliamentary Conference delegates meeting in Berlin also sent congratulations.

Most of the men who affixed their names to the treaty went to their hotels in Paris, passing through the gardens where a reception was in progress and attempting to find their way past a crowd of more than 5000 persons gathered outside the palace in hopes of seeing the signers.

American Secretary Kellogg and American Ambassador Herrick were immediately recognized as they left the Salon des Ambassadeurs after the brief and simple ceremony.

Public enthusiasm—which had lagged somewhat Sunday—was high pitched today and cheers of "Vive l'Amerique" greeted the two United States representatives. Hats were thrown into the air and a brief but sincere demonstration was given Kellogg and Herrick.

One hundred and seventy guests of the government, including the signers of the treaty, members of various diplomatic corps, and visiting dignitaries, attended a banquet in the salons at the Quai d'Orsay tonight. It was an official affair and the most brilliant staged since the World War.

HOOVER READY FOR START OF DRIVE IN N.Y.

WASHINGTON, Aug. 27.—(U.P.)—Herbert Hoover may be the shrink violet we have been led to believe, but just the same he decided today to pay no attention to the "no trespassing" signs which Governor Smith has nailed up all over New York State.

He is going into those sacred precincts gunning for the 45 electoral votes on which the Democrats already have claimed home-stand right.

He will speak in New York city in October, his spokesman said today, and he may speak at other centers in the state including Buffalo, where Republicans are extremely anxious to have him.

Hoover is the first to agree with those who say he is probably the worst orator who ever ran for president, but just the same he is going to go into New York where they have been raised on the piquant brand of Governor Smith. He may also go into New Jersey, where Smith is as popular as he is in New York.

RANCH MODERNIZED

HIGH RIVER, Alta., Aug. 27.—(U.P.)—The ranch of H. R. H., the Prince of Wales has been electrified. Two large individual electric plants were installed recently on the E. P. ranch, completely electrifying the many buildings which form a small city on the farmstead. Two electric residence water systems were also installed to supply drinking water so that kerosene lamps and water from a pump are as rare at the ranch house as they are in the Prince's palace in London.

LOS ANGELES, Aug. 27.—(U.P.)—The perpendicular, slightly curved back is essential in the new and approved type of womanly beauty according to Dr. Charles H. The purpose of the organization is to arrange inter-church athletic activities and to arrange for mass meetings and dinners at which prominent speakers will be called upon to address the young people. R. E. Carlson, secretary of the "Y" is directing affairs.

He alleges that he later went to Wallace: about the matter and that Wallace disclaimed any knowledge of the transaction, declaring that the signatures on the bill of sale and the check were not his. Cassin says that since February 5, 1927, he has repeatedly tried to get either delivery of the grinders or his money back but without success. There is also due him, he alleges, a sum on a note given him by Johannesssen in exchange for a loan. Attorney C. D. Horner is representing Cassin.

Strange World Greets Girl As Sight Returns

MILWAUKEE, Wis., Aug. 27.—(U.P.)—Miss Marcella, Calkins, 29-year-old Chetek, Wis., girl, who entered a Milwaukee hospital, blind since birth, will return home soon with her normal sight restored.

Six delicate operations were necessary to remove the capsules which blocked the passage of light into her eyes. Now she looks upon a world which has no meaning until she touches objects with her fingers.

Friends, animals, books even such simple objects as safety-pins are unrecognizable to her until she can touch them, for although she can see perfectly she cannot understand the images which are thrown upon her retina until her touch explains them to her.

One of her greatest difficulties is with colors. Marcella declares that when blind she had very definite ideas of what red, green and blue and the rest of them looked like. But the reality left her grasping.

"This new world of Marcella's is filled with such surprises. 'One of the greatest,' she says, 'is the looks of my friends. I had very strong mental pictures of how people looked, but about half the time I find that those pictures were just opposite from the reality. How did I make my mental images? I think mostly from the voice. The whole personality helped too. And the feel of people's hands.'"

Marcella is almost cured now, after two months in a hospital.

THREE KILLED AS CLOUDBURST STRIKES IN N.Y.

ROSENDALE, N. Y., Aug. 27.—(U.P.)—With waters of Rondout Creek rapidly returning to their normal level, a check of loss of life and property damage resulting from Sunday's cloudbursts, in the Rondout Valley was under way late today.

Two men definitely are known to have lost their lives in the resultant flood and a third was reported drowned at Bureka early today.

Abe Blatt, Lackawack, was drowned when swept from the arms of rescuers after he had carried his invalid wife to safety. Charles Levery, 50, of Peterson, was drowned when he lost his grip on a rescue line and was swept from sight near the Napanoch institution for the defective.

The third death was reported at Grahamsville, where an unidentified man was reported carried away with a fallen telephone pole while rescue efforts were being made.

A check of the property damage was impossible until state police, now trying to establish communications with the isolated towns of Monella, Lackawack, Eureka and Grahamsville, return with their reports.

Telephone and telegraph communication with these towns have been out since late Sunday when the flood wave struck the 25 mile valley. The only reports from these towns were from a few persons who managed to make their way to neighboring towns.

LEGAL BATTLE OVER CRABTREE FORTUNE ENDS

BOSTON, Aug. 27.—(U.P.)—The millions which Lotta Crabtree amassed as the favorite stage star of her generation will be disposed of in the manner that the specified in her will.

A ruling by Judge William M. Preet in Suffolk superior court here today, apparently brings to an end one of the most extraordinary legal battles of its kind in recent American history.

Judge Preet allowed the \$5,000,000 will after dismissing the claim of Annie S. Fretwell, of San Francisco, supposedly a first cousin of the deceased.

After Miss Crabtree died on September 29, 1924, 87 self-styled daughters, cousins, aunts, uncles, nieces and nephews sought permission to contest the will, which left most of the actress' wealth to charity.

One by one, during the succeeding years these claimants were eliminated, and finally, of the original 87, only the Fretwell claim remained.

In disposing of this, Judge Preet said: "No evidence was offered as to the grounds on which she bases her desire to contest the will. I find as a fact that Mrs. Fretwell did consent to the probate of the will and by her acts and conduct toward the court and the proponents continued to manifest her assent up to April 25, 1927, though the return day was November 6, 1924."

WALKER KNOCKS OUT EMANUEL IN 7TH

JEWISH BOXER TRIES TO SLUG WITH CHAMPION

SAN FRANCISCO, Aug. 27.—(U.P.)—Armand Emanuel, San Francisco's young boxing barrister, took boxing lessons from Mickey Walker, middleweight champion, here tonight, but went down for the count of ten during the seventh round.

The local fighter made a mistake by trying to fight toe to toe with a far more clever boxer and took a severe beating before he finally was knocked out.

The first two rounds were slow and fairly even. In the third the "toy bull dog" from New Jersey began to use a left to head and supplementing this with severe body blows with his right. He was easily master of the local fighter. Walker took the third and the fourth rounds by wide margins.

In the next round Emanuel decided he could do some clever boxing himself and became the aggressor. A fast left hook and a right jab had Walker on the run and the champion took much punishment.

Emanuel continued his attack at the start of the fatal seventh but despite fighting he could not get past Walker's defense.

Walker sent a left to the head followed by a hard right to the chin. Emanuel fell full length to the canvas.

Emanuel lay on the floor for the count of nine, arose and again became the aggressor. Walker continued the attack and Emanuel went to the canvas for the final count.

Walker's style had Emanuel bewildered.

Thrills, Spills In Hill Climb

Thrills galore featured the Berkeley Motorcycle Club's hill climb at Barry Hill Sunday afternoon and again, like last year, none of the riders was able to reach the top. This climb is considered one of the "toughest" and the state's best riders have failed to negotiate the steep incline.

In the 80-inch novice event, D. Strang of Alameda was first when he rode 252 feet up the grade. L. Edgington of Napa was second with 245 feet, and L. Pallazi of Vallejo was third. H. Martillon of Oakland and B. Ward of San Jose took the first place in the 80-inch "home built job" event, both riding 245 feet and in a run off, Martillon won. C. J. Savio of Stockton was third and E. W. Crowley of San Francisco, fourth.

The 61-inch professional event provided the real thrills of the day when G. Ryan of Sacramento was the first to ride over the "hump" as it is called, an ob-

struction about 250 feet up the hill, and scored 278 feet. This feat stirred the spirit of competition in other entrants and Dudley Perkins of San Francisco, motorcycle dealer, went up 325 feet of the 350 foot hill. On his second trial, Ryan rode up to 325 feet and just as he reached this mark his motor reared up on its rear wheel and overturned. Although at first thought seriously injured, Ryan was found to have only his leg injured. Dispute arose that Ryan went outside the line at 140 feet and the judge ruled that he did. However, after a great deal of arguing, it was decided that as Ryan was unable to ride again, Perkins should divide the purse but retain first place honors.

Oakland Meets Seals In Hot Series Today

SAN FRANCISCO, Aug. 27.—(U.P.)—The series between Oakland and the Seals at Oakland this week will probably draw the most attention of any in the Pacific Coast league.

The Seals are four games behind the Stars in first place and two games beneath Sacramento, while the Oaks are in fourth place four games below the Seals. It is virtually Oakland's last chance to remain in the race.

Hollywood will entertain in the seventh place Beavers who nearly won a series from the Seals last week and Los Angeles will go to Sacramento, where it will endeavor to hold fifth place. Seattle will meet the Missions.

Helen Wills Beats Jacobs To Win Title

FOREST HILLS, N. Y., Aug. 27.—(U.P.)—Helen Wills' magic tennis racket swept everything before her on the West Side courts today and gave the Berkeley girl her fifth American women's singles championship, as well as the doubles title.

With the same ease and grace with which she handles her artist's brush, as a diversion, Miss Wills swung her racket today, in defeating Helen Jacobs, 20-year-old Santa Barbara, Calif., girl, in the singles final of the forty-first annual National championships.

It took Miss Wills only 33 minutes to conquer Miss Jacobs. After an hour's rest she returned to the court, and with Hazel Hitchkiss Wightman, Boston veteran, as a partner, won the doubles championship for the fourth time. Miss Wills and Mrs. Wightman defeated the two Californians, Edith Cross, San Francisco, and Mrs. L. A. Harper, Los Angeles, 6-2, 6-2. The new champions had paired together to win the doubles championship in 1924.

Miss Wills completely dominated the day's play in both singles and doubles. Although favored to defeat Miss Jacobs, the champion surprised a gallery of 3,500 by routing her younger California rival.

Unable to cover the court as in her younger days, Mrs. Wightman had only her court strategy and brilliant strokes to contribute to the doubles victory.

The Centennial Exposition of 1876 was held in Philadelphia, Pa.

NEW PLAYERS HELP PABLANS TO WIN GAME

Strengthened by the acquisition of four new players, the San Pablo baseball club Sunday defeated the Decimo club by a score of 9 to 3 in a contest played at San Pablo.

The new players figured largely in San Pablo's victory. McCoy took two out of four and scored two runs, while Escobar hit safely twice out of five times at bat, as well as scoring three times. Yore took two out of three and scored once. Carson failed to break into the hit column. The four new players hit seven of San Pablo's 15 hits and scored six of the Pablans' nine runs.

STEAMER SAILS

The Williams line steamer Willford hauled anchor for Seattle last night after unloading a cargo of moulting sand here. The vessel, which hails from Wilmington, Delaware, is captained by J. Foster.

Richmond Carmen May Move, Report

Inability to dislodge the Sannies as the "first base" of Richmond baseball fans, is the explanation accompanying a report that the Richmond Carmen may move to Danville and assume the name of the Danville Merchants. With the Sannies firmly entrenched here and holding a lease on the First Street park, the Carmen have been hard pressed to secure local contests and sufficient backing to acquire better material.

It is understood that Danville interests have agreed to furnish necessary backing for the Carmen.

The Centennial Exposition of 1876 was held in Philadelphia, Pa.

CERRITO FIRE ALARM SYSTEM IS INSPECTED

R. R. Rock and J. A. Polly, who applied for permission to erect a sign between the sidewalk and curb at Blake street and San Pablo to advertise an auto camp were informed by Mayor Phil A. Lee at the El Cerrito council meeting last night that no permission was needed as the city had no ordinance governing the erection of electric signs.

Complaint of A. M. Stark that automobiles were allowed to stand in the street all night in violation of the city ordinance was referred to Chief of Police R. R. Rock, who will investigate the report.

Councilman J. R. Beck reported to the council that the inspector of the Gamewell Fire Alarm company had made an inspection of the system of the city and recommended that a man be employed two weeks to do repair work which was needed. The council instructed Beck to get an estimate of the cost of the work.

City Attorney J. H. Peters reported that the city had no interest in the reported spite fence as they had no ordinance governing the matter.

On the objection of Councilman Charles Zimmerman that Clyde Laird was in the employ of the county the bill of Clyde Laird for \$5 in assisting in the arrest of bootleggers in the city a few weeks ago was held up and the matter was referred to City Attorney J. H. Peters.

Approval of the assessment program for the improvement of the streets in the Berkeley County Club Terrace tract was made by the council, who will inspect the work on Thursday.

COUNCIL SETS YEAR'S BUDGET AT \$698,710

(Continued from Page One)
The council set a salary of \$160 per month, or \$5,760 for the year; a road roller is to be purchased at a cost of \$4,800; convenience stations at Alvarado park, \$1,100; expense of coming city election, \$6,500; and \$25,000 for harbor maintenance. (This was \$10,000 the past year); \$1,600 for a new auto for the fire department.

These are items that were not in last year's budget and total \$698,710. As the eight cent increase in the tax rate will only raise about \$23,200, it will readily be seen that many other economies had to be made in making up the budget in order to hold the rate down.

For the conduct of the city government during the coming year, the budget shows that \$698,710 will have to be raised. Of this amount it is estimated that tax sale redemptions, licenses and fees will amount to \$64,800, which leaves \$633,910 to be raised by taxation.

Of the total to be provided for, the money will be apportioned to the different funds as follows:
General fund \$500,240
1912 Bond and Int. 66,700
1920 Bond and Int. 42,050
1922 Bond and Int. 11,600
1927 Bond and Int. 13,320

Total \$633,910
A recapitulation of the estimated expenses of the city for the coming fiscal year is as follows:
General government \$91,777
Protection to person and property 251,810
Conservation of Health 11,000
Sanitation 26,760
Highways 117,458
Charities 8,040
Recreation 33,195
Harbor 25,000
Bond Int. redemption 133,670
Total \$698,710
Less Receipts other than taxes 64,800
Amount to be raised by taxation \$633,910

Friends Stage Final Campaign For Incumbent

Enthusiastic last minute efforts are being made by the forces of Judge S. Koford, candidate to succeed himself as presiding justice of Division 2 of the District Court of Appeal to insure his election by a substantial majority.

Judge Koford's opponent is San Francisco Justice of the Peace and bears the same name as a Superior Judge of that city. This similarity has confused many persons and the managers of Judge Koford's campaign have warned the voters not to be misled.

The work of the Appellate Bench, it is argued, is of extreme importance and a judge who sits in this tribunal should have experience as a Superior Judge.

Judge Koford prior to his becoming Presiding Justice in January 1927 was a Superior Judge of Alameda County for ten years. Before that time he had wide experience in the general practice of law.

By association, judges and individual lawyers, all over the district are working actively for the retention of Judge Koford. Organizations of War Veterans have rallied in their support as he stands high in their favor by virtue of his work in the conservation of estates of veterans while he was Judge of the Superior Court of Alameda County.

Judge Koford's campaign managers express thorough confidence that his victory will be quite decisive if a heavy vote is polled.

Delegates from the tribe were Dan Nogzila, M. Pacheco and J. Church. Sacramento tribes prepared a round of entertainment for the delegates and the Richmond delegation was the guest of Robert Irwin, former Richmond newspaperman and county assessor of Sacramento for the past seven years. A grand ball climaxed the festivities. J. L. Freitas of Stockton was chosen grand Junior Sacramento for the coming year.

Mr. and Mrs. Robert Johnson of Los Angeles, former Richmond residents are being entertained at the home of Margaret Garrard at her home on Second street.

Jury Picked For Trial Of Butcher Boy

LOS ANGELES, Aug. 27.—(U.P.)—A jury of six men and six women, to try Leo P. Kelley, butcher boy, for the murder of his sweetheart, Mrs. Myrtle Mellus, was chosen today and two alternates were placed in the box.

A total of 98 veniremen had been questioned and both defense and state attorneys used all percentage challenges before the jury was accepted.

Kelley was accused of having killed Mrs. Mellus, socially prominent Los Angeles woman, Aug. 9, after they had been involved in a clandestine love affair for five years.

The trial will be resumed Wednesday. Tuesday is a legal holiday due to the state primary election.

First action in the trial was expected to be a visit to the Mellus home, where the nude and mutilated body of the woman was found.

Kelley was later found hiding in a closet in the house when the husband, Frank Mellus, returned from a fishing trip.

Scouts Planning For Many Events

Much publicity has been given this unusual activity which involves thousands of Boy Scouts all over the country and which will result in marking of the entire Lincoln highway.

HOT OFF THE GRIDDLE

Continued From Page One
Hot people who do things which animals are too noble to do. It is a sad commentary on our present civilization to learn that there are still some people who think it is great fun to kill a deer in a park or a tame, trusting squirrel.

THE GIANTS ARE LEADING the National League again. This may not mean much to our politicians and statesmen, but to several million baseball fans it is the most exciting news of the day. In the up-hill struggle of the New York team are all the elements so dear to the public's heart—battle, romance, reverses, throbs and victory. The world loves a winner. The loser must find what meager consolation there is in sympathy.

THE EDITOR OF A NEWSPAPER with a large circulation assigned a photographer to walk the streets of New York recently and snap pictures of people who smiled and gave them \$5 for each smile. Few pictures were taken. The photographer did not have much opportunity to give away money. It is not surprising. We are forgetting the art of smiling. Immersed in our little subjects, we glower through the day. Some philosopher once said there isn't anything left in this world worth crying about, but there are a good many things to smile about. Try it. Smiles lead to laughter, which is good for the body and soul.

INTEREST IS CENTERED ON BATTLE FOR STATE POST

Continued from Page 1
The general consensus that Davis will be carried into office by a comfortable majority. Labeled "endorsements" of the incumbent Senator were yesterday characterized as a futile move by supporters of Davis, who declared that the rank and file of "the men and women who will see in Davis a man who is close to the people and who understands their problems and is in sympathy with them." Because of this trait in Davis, point out his supporters, a strong following has been developed among the men and women who are employed in the large industries of the county.

From Martinez, Pittsburg, Crockett, Antioch, Rodco, Pinole, Bay Point, and from Marin county supporters of Davis said he would win by a large majority.

The incumbents are without opposition in two of the three supervisorial of this county. Chairman W. J. Buchanan of Pittsburg and R. J. Trembath of Antioch assured of re-election.

Robert Foster of Antioch will be returned without opposition to the assembly. Charles F. Curry, an unopposed congressman, a position which he has held for 16 years.

Hiram Johnson, incumbent, and Charles Randall are on the Republican primary election ballot for United States Senator.

Members of the County Central committee, who will undoubtedly be returned to office are: Arthur A. Alstrom, J. F. Brooks, Tsar Calfee, E. M. Downer, George Fredenburg, Hiram Jacobs, Guy E. Milnes, Fred Newson, and Wallace Snelgrove. They have no opposition.

candidate for State Senator who like themselves is a veteran and who perhaps finds it difficult to reconcile the claims of these veteran-candidates and their supporters of a few years ago for support from the public with their very outspoken and vigorous campaign against him, likewise a veteran.

They are pleading today, to the same people, who a few years ago they asked to elect a veteran to office, to DEFEAT A VETERAN, LOUIS E. DAVIS, in order that they may express their "appreciation" to the incumbent who either boosted their salaries or provided public office jobs for them.
